

**CURRICULUM VITAE**  
Matthew P. Longnecker, M.D., Sc.D.

**EDUCATION**

HARVARD SCHOOL OF PUBLIC HEALTH Boston, Massachusetts	Sc.D. Epidemiology	1989
DARTMOUTH MEDICAL SCHOOL Hanover, New Hampshire	M.D.	1981
ANTIOCH COLLEGE Yellow Springs, Ohio	B.S. Biochemistry	1978

**CERTIFICATION**

Medical license, Massachusetts  
American Board of Internal Medicine

**CURRENT AND PAST POSITIONS**

Medical Research Officer Captain, Research Officer Group, Commissioned Corps, Public Health Service Tenured Senior Investigator, Epidemiology Branch National Institute of Environmental Health Sciences Research Triangle Park, NC	1995-
Assistant Professor of Epidemiology University of California, School of Public Health Los Angeles, CA	1989-1995
Research Assistant Professor Department of Preventive Medicine University of Southern California, School of Medicine Los Angeles, CA	1993-1995
Internal Medicine Internship and Residency Temple University Hospital Philadelphia, PA	1981-1984

### **UNIVERSITY APPOINTMENT**

Adjunct Professor, Department of Epidemiology University of North Carolina at Chapel Hill Chapel Hill, NC Adjunct Associate Professor	2004- 1996-2003
--	--------------------

### **EDITORIAL**

Editor, *American Journal of Epidemiology*, 2011-  
Associate Editor, *American Journal of Epidemiology*, 1997-2002, 2006-2011  
Deputy Editor (Interim), *Environmental Health Perspectives*, 2007-2008  
Editorial Review Board, *Environmental Health Perspectives*, 2004-2006, 2008-  
Editorial Board, *Epidemiology*, 2003-  
Advisory Editor, *Environmental Research*, 2002-  
Associate Editor, *Annals of Epidemiology*, 2000-2004

### **STUDY SECTION**

Member, Study Section, Environmental Sciences RFA, Autism Speaks, 2008, 2009, 2011

Member, Study Section, Environmental and Reproductive Health, Canadian Institute for Health Research, 2009

United States Environmental Protection Agency, Office of Research and Development, National Center for Environmental Research, Washington, DC. Member, Peer Review Panel, Children's Vulnerability to Toxic Substances in the Environment, 2002

American Institute for Cancer Research: study section, This Washington, D.C.-based private institute focuses on diet-cancer research and awards up to \$150,000 per grant, 1995-1999

### **PROFESSIONAL ORGANIZATIONS**

International Society for Environmental Epidemiology, 2004-  
Fellow, American College of Epidemiology, 2000-2005  
Member, Society for Epidemiologic Research, 1987-

### **SPECIAL RECOGNITION**

NIH Merit Award (Group), NIEHS/NTP Review Committee, Report on Carcinogens, 2000  
Member, Delta Omega National Honorary Public Health Society, 1990-

### **AWARDS, FELLOWSHIPS, AND GRANTS**

PI, "Organochlorine residue levels and risk of breast cancer," National Institute of Environmental Health Sciences. (R01) \$427,571, 1994-1998  
PI, "Measurement of dietary factors related to cancer risk," Junior Faculty Research Award, American Cancer Society, \$65,684, 1991-1994  
PI, "An IDEA for a cohort study of tobacco-related cancers," California Tobacco-Related Disease Research Program, \$73,439, 1991-1992  
Recipient, Career Development Award, University of California, Los Angeles, (provided sabbatical salary), 1991  
Recipient, Medical Foundation Fellowship, 1987-1989  
Recipient, National Research Service Award (Institutional), 1984-1987

### **COMMITTEES AND PANELS**

Jury member, Habilitation defense, for Remy Slama: Synthesis of scientific work and projects, "Environmental Epidemiology Applied to Human Reproduction," University of Grenoble, France, Jun 15, 2011. (similar to an oral examination for tenure)

Member, Science Advisory Board, Obesogenic Endocrine Disrupting Chemicals: Linking Prenatal Exposure to the Development of Obesity Early in Life (European Commission funded multicenter project), 2009-

World Health Organization-National Institutes of Health Common Core Protocol: International Core Study Protocol for a Longitudinal Survey of the Environmental and its Effects on Childhood, Member of Review Committee, Wellcome Trust, London, England, Nov 29-30, 2007.

National Institute of Environmental Health Sciences: Member, Institutional Review Board, 2006-2009

United States Environmental Protection Agency, Science Advisory Board: Member, Perfluorooctanoic Acid (PFOA) Risk Assessment Review Panel, Washington, DC, 2005-2006.

National Institute on Alcohol Abuse and Alcoholism: Member, expert review panel, Health Risk and Potential Benefits of Moderate Alcohol Consumption. Rockville, MD, Nov 21, 2003.

World Health Organization: Expert at meeting on non-dioxin-like PCBs. This 12-person committee provides scientific guidance on setting exposure limits to non-dioxin-like PCBs. First meeting was in Berlin, Sep 3-4, 2001; second meeting Jun 2002 (invited to latter but couldn't attend).

National Research Council: Member, Subcommittee on Public Health to the Committee on Irrigation-Induced Water Quality Problems, Water Science and Technology Board, 1986-1990

### **SERVICE**

Member, Commissioned Officer Promotion Board, Public Health Service

Commissioned Corps Readiness Force (Captain in Commissioned Corps). Deployable as of end September, 2004.

### **SCIENTIFIC LEADERSHIP--NATIONAL**

Organizer/Moderator, Symposium on "Early Life Exposures in Chronic Disease Epidemiology," Society for Epidemiologic Research, Baltimore, MD, Jun 10, 1999.

Organizer/Moderator, Spotlight Session on "Persistent Organic Pollutants", Society for Epidemiologic Research, Seattle, WA, Jun 15, 2000.

Organizer/Moderator (with Julie Daniels), contributed paper session on "Neurodevelopmental Epidemiology", Society for Epidemiologic Research, Toronto, Ontario, Canada, Jun 15, 2001.

Organizer/Moderator, Symposium on "Rationale, strengths and strategies for new large birth cohort studies," Society for Epidemiologic Research, Palm Desert, CA, Jun 19, 2002.

Organizing Committee, Thyroid Hormone and Brain Development: Translating Molecular Mechanisms to Population Risk, An International Conference, NIEHS, Research Triangle Park, NC, Sep 25-29, 2002.

Organizer/Moderator, Spotlight Session on "Environmental effects on pregnancy outcome", Society for Epidemiologic Research, Atlanta, GA, Jun 13, 2003.

Organizer/Moderator, Spotlight Session on “Environmental Epidemiology”, Society for Epidemiologic Research, Salt Lake City, UT, Jun 16, 2004.

Planning Committee, “Epidemiology without Borders”, a Joint Meeting of the Society for Epidemiologic Research and the Canadian Society for Epidemiology and Biostatistics, Toronto, Canada, Jun 27-30, 2005.

Organizer/Moderator, Spotlight Session on “Environmental Epidemiology”, Society for Epidemiologic Research (see above), Toronto, Canada, Jun 28, 2005.

### **SCIENTIFIC LEADERSHIP--INTERNATIONAL**

Chair/Organizer, Symposium on “Effects of early environmental exposure on neurodevelopment,” The XV International Scientific Meeting of the International Epidemiological Association, Florence, Italy, Sep 3, 1999.

Co-chair, concurrent session on “Endocrine disruptors,” 15<sup>th</sup> Conference of the International Society for Environmental Epidemiology, Perth, Western Australia, Sep 25, 2003.

Chair/Organizer, Symposium on “Risks and Benefits of DDT use in Malaria Control,” 17<sup>th</sup> Annual Conference of the International Society for Environmental Epidemiology, Johannesburg, South Africa, Sep 15, 2005.

Co-chair, concurrent session on “Birth cohorts: what can be learned?” Dioxin 2006: 26<sup>th</sup> International Symposium on Halogenated Persistent Organic Pollutants, Oslo, Norway, Aug 24, 2006.

Member, International Society for Environmental Epidemiology 2007 Program Development Committee (19<sup>th</sup> Conference, Mexico City, Mexico), 2007.

Co-chair/Organizer, Symposium on “Emerging Issues in Air Pollution Research,” International Society for Environmental Epidemiology (ISEE), 19<sup>th</sup> Conference, Mexico City, Mexico, Sep 8, 2007.

Co-chair/Organizer, Symposium on “Organophosphate Pesticides and Neurodevelopment,” International Society for Environmental Epidemiology (ISEE), 19<sup>th</sup> Conference, Mexico City, Mexico, Sep 8, 2007.

Member, International Society for Environmental Epidemiology 2011 Scientific Committee, 23<sup>rd</sup> Conference, Barcelona, Spain, 2011.

Co-chair, contributed paper session, POPs and Health II, International Society for Environmental Epidemiology, 23<sup>rd</sup> Conference, Barcelona, Spain, Sep 15, 2011.

### **INVITED PRESENTATIONS**

"Meta-Analysis of Alcohol Consumption in Relation to Risk of Breast Cancer," 15th International Cancer Congress, Symposium, Epidemiology of Breast Cancer, Hamburg, Germany, Aug 17, 1990.

"Meta-Analysis of Observational Epidemiologic Data," Industrial Epidemiology Forum, Symposium on the Use of Meta-Analysis in Epidemiologic Research, Buffalo, NY, Jun 10, 1991.

"Results from a Large Multicenter Case-Control Study of Breast Cancer, and from Meta-Analysis," American Society for Preventive Oncology, Symposium, Does Moderate Alcohol Consumption Effect [sic] the Risk of Cancer?, Bethesda, MD, Mar 15, 1992.

"The Role of Alcohol in Breast Cancer," Meeting of the President's Cancer Panel, Special Commission on Breast Cancer, Reston, VA, Sep 23, 1992.

"Alcohol Consumption and Risk of Cancer in Humans: An Overview and Focus on Cancers of the Breast and Large Bowel," Research Society on Alcoholism, Symposium, Alcohol and Cancer, Maui, HI, Jun 19, 1994.

"Alcohol Consumption and Risk of Cancer in Humans: An Overview and Focus on Cancer of the Breast," Oldways International Symposium, Wine's Place at a Healthy Table, San Francisco, CA, Jun 21, 1994.

"Alcohol and Cancer," Cancer Prevention and Control Academic Course, Lecture, National Cancer Institute, Rockville, MD, Aug 3, 1994.

"Alcohol Involvement in Breast and Colorectal Cancer," Texas Research Society on Alcoholism (conference), Addiction Science: Are You Prepared for the 21st Century? Austin, TX, Sep 9, 1994.

"The Epidemiology of Alcohol Consumption and Cancer," Nutrition and Health Seminar Series, Environmental and Occupational Health Sciences Institute, Robert Wood Johnson Medical School/Rutgers University, Piscataway, NJ, Dec 1, 1994.

"Alcohol and Cancer: Is there an Epidemiologic Connection?" Health Effects of Moderate Alcohol Consumption: Good, Bad, or Indifferent?, International Symposium, Toronto, Canada, Dec 4, 1994.

"Nutrition and Carcinogenesis," Symposium on Effects of Nutrition and Cancer, 63rd Annual Postgraduate Convention, School of Medicine and Public Health, Loma Linda University, Loma Linda, CA, Mar 7, 1995.

"Seminar on Meta-analysis," Radiation and Epidemiology Scientific Committee 1, National Council on Radiation Protection and Measurements, Bethesda, MD, Jul 20, 1995.

"Alcohol and Cancer," Cancer Prevention and Control Academic Course, Lecture, National Cancer Institute, Rockville, MD, Jul 28, 1995.

"Meta-analysis for observational studies" and "The current state of the art regarding the relationship between alcohol and cancer," Escuela Nacional de Sanidad (Keynote) lecture, Sanidad Espanola de Epidemiologie (Spanish Epidemiologic Society) Scientific Meeting, Zaragoza, Spain, Oct 25, 1996.

"Alcohol and breast cancer—overview." International Medical Advisory Group Conference, Bath, England, Sep 22, 1997.

"Alcohol and cancer." Fourth International Symposium on Nutrition in Cancer, New Orleans, LA, Oct 31, 1997.

"Alcohol and breast cancer." Massachusetts Department of Public Health Breast Cancer Research Program 1997-1998 Lecture Series, Harvard School of Public Health, Boston, MA, Feb 11, 1998.

"The usefulness of summarizing heterogeneous results and the questionable promise of meta-regression." Society for Epidemiologic Research, annual meeting, Symposium on "Methods and applications of meta-analysis." Chicago, IL, Jun 25, 1998.

"A new approach to design and data analysis for CPP-based studies that make use of sera, and experience with recent laboratory analysis of CPP sera." 4th Annual Symposium on the Neurovirology and Neuroimmunology of Schizophrenia and Bipolar Disorders, Session on Perinatal Factors and Psychiatric Diseases, A: What can we learn from the Prospective Perinatal Cohort (CPP) study? Bethesda, MD, Nov 6, 1998.

"Dioxin and diabetes in subjects with background-level exposure." Presentation at the 1999 Institute of Medicine Agent Orange - Diabetes Workshop, The National Academies, Washington, DC, Jul 23, 1999.

“PCB exposure in utero and neurodevelopment in the Collaborative Perinatal Project: preliminary results,” Symposium on “Effects of early environmental exposure on neurodevelopment,” The XV International Scientific Meeting of the International Epidemiological Association, Florence, Italy, Sep 3, 1999.

“Health effects of persistent organic pollutants: new results,” seminar, State University of New York, School of Public Health, Albany, NY, Sep 24, 1999.

“Polychlorinated biphenyl exposure in utero and subsequent neurodevelopment: experience from the Collaborative Perinatal Project (CPP),” Fifth Symposium on the Neurovirology and Neuroimmunology of Schizophrenia and Bipolar Disorders and other Neuropsychiatric Diseases, Session II: Perinatal Exposures and Adult Brain Diseases, Bethesda, MD, Nov 4, 1999.

“Epidemiology and assessment of outcomes,” Endocrine Disruptors & Children’s Health: A Workshop to Examine the Effects of Endocrine Disruptors on Child Development for a National Longitudinal Study, The New York Academy of Medicine, New York, NY, Mar 17, 2000.

“Epidemiological study design with toxicological input,” Environmental Epidemiology and Toxicology: The Interface and the Interactions, Continuing Education Course, Society of Toxicology, 39<sup>th</sup> Annual Meeting, Philadelphia, PA, Mar 19, 2000.

“Endocrine health effects of environmental and dietary exposures,” PCB Workshop: Recent Advances in the Environmental Toxicology and Health Effects of PCBs, Lexington, KY, Apr 10, 2000.

“Health effects of persistent organic pollutants,” Departmental Seminar, Department of Social and Preventive Medicine, State University of New York at Buffalo School of Medicine and Biomedical Sciences, Buffalo, NY, Apr 28, 2000.

“Health effects of persistent organic pollutants,” Seminar, University of Medicine and Dentistry of New Jersey-School of Public Health, Piscataway, NJ, May 14, 2000.

“In utero exposure to organochlorines in relation to development in subjects from a large cohort study,” St. Lawrence and Great Lakes contamination: Is there any reason to be concerned for human health? Session at International Association for Great Lakes Research, 43<sup>rd</sup> Conference, Cornwall, Ontario, Canada, May 24, 2000.

“DDE is associated with increased risk of preterm delivery and small-for-gestational-age birthweight in humans,” Childhood health and development in relation to persistent organochlorine compounds, Session at 20<sup>th</sup> International Symposium on Halogenated Environmental Organic Pollutants & POPS, Monterey, CA, Aug 14, 2000.

“Background level in utero exposure to the ubiquitous DDT metabolite DDE is associated with reduced height at age 7 years,” Pollutants and development, Session at IX International Congress of Auxology: Human Growth: Conception to Maturity, Turin, Italy, Sep 6, 2000.

“Are there environmental causes of diabetes?” Potential methods for detecting community exposure to critical pollutants, Session at Workshop on Methodologies for Community Health Assessment in Areas of Concern. International Joint Commission, Great Lakes Science Advisory Board’s Workgroup on Ecosystem Health, Windsor, Ontario, Canada, Oct 5, 2000.

“Effects of EDCs on birth outcomes in the U.S.,” Human Observation and Reproductive Toxicology, Session at International Workshop on Endocrine Disrupting Chemicals and Their Toxicological Evaluation. Tsukuba, Japan, 3-1-01.

“Exposures to environmental agents and preterm delivery,” The Role of Environmental Toxicants in Premature Birth, Workshop, Roundtable on Environmental Health Sciences, Research, and Medicine, Institute of Medicine, The National Academies. Washington, DC, Oct 2, 2001.

“Have adverse effects on children of ongoing DDT use been overlooked?” Department Seminar, Department of Environmental Health, College of Medicine, University of Cincinnati, Cincinnati, OH, 1-30-02; and “Some controversies about effects of environmental exposures on neurodevelopment in children,” Division Seminar, Division of Epidemiology and Biostatistics, Department of Environmental Health, College of Medicine, University of Cincinnati, Cincinnati, OH, Jan 31, 2002.

“In utero exposure to persistent organic pollutants in relation to child health in the Collaborative Perinatal Project,” Environmental Contaminants and Human Development, session during Charting the Course: First CDC Conference on Birth Defects, Developmental Disabilities, and Disability and Health, Atlanta, Georgia, Sep 18, 2002.

“Environmental contaminants as aetiologic factors for type 2 diabetes,” Prevention of Type 2 Diabetes, Symposium during 3<sup>rd</sup> World Congress on Prevention of Diabetes and Its Complications and 4<sup>th</sup> Hong Kong Diabetes and Cardiovascular Risk Factors East Meets West Symposium, Hong Kong, China, Sep 29, 2002.

“Long-term consequences of toxic exposure during fetal development,” Long-term, Latent Effects of Fetal Development, Symposium. Johns Hopkins Bloomberg School of Public Health, Oct 30, 2002.

“In utero exposure to organochlorines in relation to reproductive and developmental outcomes in the Collaborative Perinatal Project,” Adverse Health Effects of Persistent Organic Pollutants, Symposium. 15<sup>th</sup> Conference of the International Society for Environmental Epidemiology, Perth, Western Australia, Sep 25, 2003.

“Research and community perspectives on environmental contributions to diabetes,” Emerging Links Between Chronic Disease and the Environment: A Training Workshop for Health Professionals (Organized by Physicians for Social Responsibility). Washington, DC, Oct 21, 2003.

“DDT’s effects on human health: many questions, few answers, and a lot of new data,” Fall 2003 Epidemiology Seminar Series, Department of Epidemiology, College of Human Medicine, Michigan State University, East Lansing, MI, Nov 6, 2003.

“Prenatal exposure to PCBs and heptachlor epoxide in relation to child development in the Collaborative Perinatal Project.” Twenty-first International Neurotoxicology Conference. Infant and Child Neurotoxicity Studies: Subtle and Long-term Effects, Honolulu, HI, Feb 11, 2004.

“New data on the human health effects of DDT,” Director’s Seminar Series, National Institutes of Health, Bethesda, MD, Feb 20, 2004.

“Early exposure to sex steroids and subsequent body dimensions in humans,” Gordon Research Conference on Environmental Endocrine Disruptors, New London, NH, Jun 8, 2004.

“DDT and endocrine and reproductive outcomes in humans,” Malaria Control: A Reconsideration of the Role of DDT, Board on Global Health and Board on Agriculture and Natural Resources, The National Academies, Washington, DC, Jul 21, 2004.

“Weak epidemiologic associations and meta-analysis,” The Interpretation of Weak Associations Identified in Environmental or Occupational Epidemiology, Symposium. Risk Analysis: The Profession and the Future, 2004 Annual Meeting of the Society for Risk Analysis, Palm Springs, CA, Dec 7, 2004.

“Some emerging issues in early-life environmental exposures,” Workshop on Childhood and the Environment, Spanish Network of Investigators on Child Health and the Environment (INMA), Granada, Spain, Feb 4, 2005.

“An overview of DDT world policy,” and “Review of human data on effects of DDT, and some new results,” Symposium on Risks and Benefits of DDT use in Malaria Control, 17<sup>th</sup> Annual Conference of the International Society for Environmental Epidemiology, Johannesburg, South Africa, Sep 15, 2005.

“Research needs and findings on DDT and health,” A Perspective on International Environmental Health Challenges, Workshop, University of Pretoria, Pretoria, South Africa, Sep 21, 2005.

“Human studies of endocrine disruption in early life,” plenary lecture, The 8th Annual Meeting of the Japan Society of Endocrine Disruptors Research, Tokyo, Japan, Sep 28, 2005

“Epidemiological evaluation of DDT as a hormonally active agent,” Endocrine Disruption, Session, 88<sup>th</sup> Annual Meeting of the Endocrine Society, Boston, MA, Jun 24, 2006.

“POPs and neurodevelopmental effects in humans: what is the evidence?” plenary lecture, Dioxin 2006: 26<sup>th</sup> International Symposium on Halogenated Persistent Organic Pollutants, Oslo, Norway, Aug 24, 2006.

“New studies of anogenital distance in humans,” Phthalate Esters and Reproductive Health Workshop, Gouvieux, France, Sep 7, 2006.

“Birth cohort: Challenges and opportunities for environmental health research,” Annual Research Day of the Environmental Health Research Network, Montreal, Quebec, Canada, Nov 20, 2006.

“Translating toxicology into epidemiology,” Monthly Seminar, Environmental and Occupational Toxicology Division, Safe Environments Program, Health Canada, Ottawa, Ontario, Canada, Feb 7, 2007.

“Selection of endocrine-responsive anthropometric measures in infants,” International Workshop on Assessing Endocrine-Related Endpoints within the First Year of Life, Ottawa, Ontario, Canada, Apr 30, 2007.

“In utero exposure to DDT compounds and performance on Bayley Scales and IQ tests in the Collaborative Perinatal Project,” Symposium on In Utero Exposure to DDT and DDE in Relation to Child Neurodevelopment, International Society for Environmental Epidemiology (ISEE), 19<sup>th</sup> Conference, Mexico City, Mexico, Sep 8, 2007.

“Epidemiology study designs and bias in epidemiologic research,” Continuing Education, Epidemiology for Toxicologists: Introduction, Society of Toxicology 47<sup>th</sup> Annual Meeting, Seattle, WA, Mar 16, 2008.

“NIEHS Research Collaborations with European Birth Cohorts,” Birth Cohorts Meeting, University of Bristol, Bristol, England, Apr 22, 2008.

“NIEHS Collaborations Involving the MoBa Cohort,” Biobanks as a Resource for Creating Collaborations, part of the Royal Norwegian Embassy’s Transatlantic Science Week, Bethesda, MD, Oct 23, 2008.

“Is there endocrine disruption in humans?” Symposium: The Endocrine Disruptor Hypothesis: What Do We Know and What Do We Need to Know? The Society for Behavioral Neuroendocrinology, 13<sup>th</sup> Annual Meeting, East Lansing, MI, Jun 25, 2009.

“Prenatal exposure to the major DDT metabolite DDE and longitudinal measures of body mass index in boys from southern Mexico,” Symposium: Prenatal Exposures and Environmental Origins of Obesity. The International Society for Environmental Epidemiology, Annual Meeting, Dublin, Ireland, Aug 28, 2009.

“An overview of two ongoing epidemiologic projects at NIEHS on exposure to environmental contaminants and development,” Institute of Prevention and Occupational Medicine, German Social Accident Insurance, Institute of the Ruhr-Universitat Bochum, Bochum, Germany, Nov 24, 2009.

“Methods and Results on the Epidemiology of Obesogens,” First Progress Meeting OBELIX, INRA (French National Institute for Agricultural Research), Paris, France, Nov 27, 2009.

“Perfluoroalkyl acids and pregnancy outcomes in general population studies, methodologic considerations, physiology of pregnancy considerations, and future research,” PFAA Days III: Recent Advances in Perfluoroalkyl Acid (PFAA) Research, U.S.EPA, Research Triangle Park, NC, Jun 9, 2010.

“Perfluorinated alkyls in plasma are related to reproductive outcomes because of pharmacokinetics,” Environmental Health Colloquium, Harvard School of Public Health, Boston, MA, Dec 9, 2010.

“The role of *in utero* exposure to tobacco smoke in the developmental origins of health and disease,” Division of Occupational and Environmental Medicine, Lund University, Lund, Sweden, Apr 26, 2011.

“Perfluorinated alkyls in plasma from pregnancy are related to reproductive outcomes because of pharmacokinetics,” 6<sup>th</sup> Copenhagen Workshop on Endocrine Disrupters, Copenhagen, Denmark, Apr 29, 2011.

## **PRESENTATIONS**

"Estimation of selenium intake from Se in serum, whole blood, toenails, or urine," Federation of American Societies for Experimental Biology, Minisymposium, Nutritional Epidemiology II, Atlanta, GA, Apr 22, 1991.

"Risk of breast cancer in relation to past and recent alcohol consumption," Society for Epidemiologic Research, Contributed Paper Session VI, Diet and Breast Cancer, Minneapolis, MN, Jun 12, 1992.

"Risk of breast cancer in relation to lifetime alcohol consumption: results from Los Angeles," Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Snowbird, UT, Jun 23, 1995.

"Strenuous physical activity in young adulthood and risk of breast cancer," Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Snowbird, UT, Jun 23, 1995.

“Risk factors for in situ breast cancer in Los Angeles County,” Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Boston, MA, Jun 13, 1996.

“Intake of foods and supplements rich in  $\beta$ -carotene and vitamin A in relation to risk of breast cancer,” Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Edmonton, Alberta, Canada, Jun 12, 1997.

“In utero exposure to background levels of polychlorinated biphenyls and cognitive functioning among school-aged children,” Society for Epidemiologic Research, Spotlight Session (Persistent Organic Pollutants), Seattle, WA, Jun 15, 2000. (Presented paper for K. Gray [my postdoc].)

“Maternal serum level of DDE and risk of cryptorchidism, hypospadias, and polythelia among male offspring,” Society for Epidemiologic Research, contributed paper session (Persistent Organic Pollutants), Toronto, Ontario, Canada, Jun 16, 2001.
